Bethel S30 Weight Loss

Bethel S30 Weight Loss Supplement Mechanism of Action:

- **Boosting fat metabolism and blocking non-fat material converting into fat.**

The functional ingredients will maintain the balance of body calories intake and consumption, control the intake of extra calories, block non-fat material converting into fat and boost fat metabolism and burn the fat continuously. Hence, the volume and content of the fat cells in vivo can be maintained and continually reduced. The unique mechanism of maintaining can both block the fat source and accelerate fat burning.

- **Pure herbal essence, controlling fat intake effectively**

The raw materials are extracts including flos citri aurantii, cassia seed, jobstear seed and mulberry leaf. The glucomannan in the product can absorb water. A viscose solution will quickly form after intake of the product, which attaches to stomach lining and stimulates it to restrain appetite, promotes a full feeling and controls your food and fat intake.

- **Helping the intestines relax while cleaning the bowels**

The Cassia Seed is effective in promoting diuresis and relaxing the bowels, which can discharge the metabolism outcome and the unabsorbed extra fat as well as toxin, clean the intestines system and prevent constipation effectively at the same time.
